## 3 Pump Configuration

A check valve at "A" is mandatory for all versions of Smart Swim™.

## 2 Pump Configuration

A check valve at "A" is mandatory for all versions of Smart Swim™.

**Question: How do I determine if the system pack is a G1, G2 or G3?**

Answer: There is a silver label on the top edge of the system pack (A). G1, G2 or G3 will be at the end of the model number (B). In this example, the system pack is a G1.
